

Anil Kumar M

Email: manilkumar1909@gmail.com

Professional Summary

Results-driven Data Engineer with 5 years of experience in designing, building, and maintaining scalable data pipelines. Expertise in big data technologies, cloud platforms, ETL processes, and data warehousing solutions.

Core Skills

• Python • SQL • Apache Spark • Hadoop • Airflow • ETL Development • Data Warehousing • AWS (S3, Redshift, Glue) • Azure Data Factory • Kafka • Data Modeling • Power BI/Tableau

Professional Experience

Senior Data Engineer – TechData Solutions (2022–Present)

- Designed scalable ETL pipelines using Apache Spark and Airflow.
- Built data lakes and warehouses on AWS.
- Optimized SQL queries improving performance by 40%.
- Collaborated with data scientists for ML data preparation.

Data Engineer – DataWorks Pvt Ltd (2021–2022)

- Developed batch and stream processing pipelines using Kafka and Spark.
- Automated workflows using Airflow.
- Worked on Azure Data Factory for cloud ETL.

Junior Data Engineer – Insight Analytics (2019–2021)

- Built SQL-based reporting systems and dashboards.
- Assisted in building data pipelines and ETL jobs.
- Maintained data quality and validation processes.

Projects

1. Real-time Data Processing Pipeline

Implemented a real-time streaming pipeline using Kafka and Spark Streaming to process millions of events daily.

2. Data Lake Implementation

Designed and built a cloud-based data lake on AWS S3 integrating structured and unstructured data.

3. ETL Automation Framework

Developed an automated ETL framework using Python and Airflow reducing manual workload by 60%.

Education

Bachelor of Engineering in Computer Science (2015–2019)

Tools & Technologies

Python, SQL, Apache Spark, Hadoop, Kafka, Airflow, AWS, Azure, Power BI, Tableau
